

## GREAT STRIKE NEARING THE END.

### Conclusion Looked for This Week—Miners' Convention Called—Has Been a Practical Tie-up.

Shenandoah, Pa., Oct. 8.—President Mitchell today issued a call for a convention of mine workers of the three districts comprising the anthracite field to meet in Scranton, Pa., on Friday next. It is as follows:

Temporary Headquarters, United Mine Workers, Hazleton, Pa., Oct. 8.—To All Miners and Mine Employees of the Anthracite Region—Brothers: In view of the fact that the mine operators have posted notices offering an advance in wages formerly paid, and believing it to be our plain duty to consult your wishes as to our future action, we deem it advisable to ask you to select delegates to represent you in convention.

You are therefore notified that a convention will be held at Scranton, Pa., beginning Friday, October 12th, at 10 a. m.

The basis of representation will be one vote for each 100 persons on strike, or if desired one delegate may represent as many as 500 mine workers, but no delegate will be allowed to cast more than five votes.

Each delegate should have credentials signed by the chairman and secretary of the meeting at which he is elected, and whenever possible credentials should bear the seal of the local union.

**JOHN MITCHELL,**  
President United Mine Workers of America.

**T. D. NICHOLS,**  
President District No. 1.  
**THOMAS DUFFY,**  
President District No. 7.  
**JOHN FAHEY,**  
President District No. 9.

N. B.—Delegates will be notified of the hall in which the convention will be held upon their arrival in Scranton.

After the call had been issued it was learned that the convention will be held in Music Hall.

**WHAT THE CONVENTION WILL DO.**  
Hazleton, Pa., Oct. 8.—President Mitchell refused to say anything as to what the convention would probably decide to do in the matter of the 10 per cent increase. Neither would he indicate what business other than that relating to the advance in wages would be brought before the delegates. It is not unlikely that the abolition of the sliding scale will come up for consideration. None of the labor leaders will publicly say whether the increase will be accepted or rejected, but there is a feeling of relief in the entire region, and it is confidently expected that a week from today will see the mine workers going back to the pits.

President Mitchell will call the convention to order and preside. It is almost certain that the convention will vote that all its resolutions shall be held in secret. Meanwhile labor leaders say their efforts to close up the mines still in operation will go on.

Notices of 10 per cent advance in wages in a reduction in the price of powder were posted this morning by M. S. Kemmerer & Company, operating the Sandy Run colliery and Cox & Company, operating six collieries. The notices are similar to those put up by the other companies last week.

**NO INCREASE OFFERED BY THESE.**  
G. H. Markle & Company, Calvin Pardee & Company, Dodson & Company, and the Silver Brook Coal Company heretofore have not yet offered their men an increase. These four concerns nominally employ upward of 4,000 men.

In addition to the concentration of strikers in these other collieries, they had extra forces of coal and iron before fully armed.

There was no marching of large bodies of men this morning, as anticipated, but crowds gathered, as usual, in the vicinity of the various collieries. The greatest crowd, which numbered probably 500 men, assembled in the neighborhood of Cranberry colliery of A. Pardee & Company, on the outskirts of this city. Quite a number of the workers on their way to this mine were turned back, some through fear and others through persuasion. The company officials said the colliery is working as usual today. Another crowd gathered in the vicinity of No. 3 colliery and No. 40 shaft of the Lehigh Valley Coal company in Hazleton, but no disturbance occurred. The incident

led in a fishing boat being burned at Canas. The Vasco Nunes de Balboa has seized seven fishing boats.

**Col. Crawford, for the defense, moved to discharge the jury on the ground first, that the jury is not composed of**

bystanders, but summoned from remote parts of the county; second, that the jury men are all Democrats and as the crime charged involves politics to a large extent, the defendant cannot expect a fair and impartial trial from such a jury. Youstey filed affidavits in support of the motion, which was overruled.

**British Elections Continue.**  
London, Oct. 8, 3 p. m.—There is polling today in twenty-one constituencies. The election results announced this morning leave the party gains unchanged. The Hon. Charles H. Hopkirk, formerly solicitor general for Ireland, liberal, retains his seat for North Tyrone, but by a reduced majority.

Thomas J. Healy, Irish nationalist, has been defeated in the polling at North Westford, by Sir Thomas H. G. Blomfield, Irish nationalist.

The total number of members of parliament elected up to this hour is 457, as follows: Ministerialists, 235; opposition, 162.

The latest political gossip is that the end of the strike, the strikers are the Earl of Dudley, who is now serving in the yeomanry cavalry in South Africa, will replace Earl Cadogan as lord lieutenant of Ireland.

Campbell stopped at a house and begged for a meal. The woman of the house, who was on the train when it was held up, told the police that she remembered him. The police think the woman is mistaken.

**Canal Has been Built Ten Miles—Work on Railroad.**

**A VERY PROMISING COUNTRY**

**Reasons for Doing This:**

**Home Are Being Built and Towns Are Being Laid Out—Inducements the Wyoming Country Offers.**

A. C. Welch came down from the Big Horn country in Wyoming today, and paid the "News" a visit. In speaking of his new home Mr. Welch states that the Big Horn is going to be a great country. There are about 500 people there at present, and they all seem to be satisfied with the conditions.

Mr. Welch was one of the original 400 people that entered that country last spring and since that time they have built up a canal and three miles of railway. The canal has cost so far \$30,000 and the work upon it is being prosecuted with vigor. No crops were raised this year in that country, as it was too late to plant when the colonists entered it, and moreover they thought they would subvert their interests best by once putting in a canal and perfecting the preparations for farming.

Mr. Welch states that when he left the north, the people there were engaged in building houses and laying out towns. He identified the man who robbed him, and notified the police, who arrested him. The police think the woman is mistaken.

Salt Lake City, Oct. 5, 1900.  
Editor Desert News:

Dear Sir:—Since visiting the State Fair, now being held in this city, which, by the way, is a very creditable exhibition, when we take into account the fact that such were not held for a few years prior to 1890, and the further fact that the present year has been one of almost general growth in our State, I have conversed with a few persons on the subject, from whom some valuable suggestions relating to these public exhibitions of industrial products and the handicraft of the people, were given;
